

# ***PSMA Energy Harvesting Committee***

## **Energy Harvesting Industry Session APEC 2017**

***A decided interactive session will be held with demos as follows:-***

- Energy harvesting kits – Würth**
- Thermoelectric wireless machine monitoring system – Analog Devices**
- Energy Harvesting Ambient Light & Environmental Sensor Node – TI**
- Energy harvesting powered smart lock - TI**
- Energy harvesting system simulation model – Tyndall**
- Indoor solar energy harvester for building monitoring – Tyndall**
- PV powered IoT device – Alta devices**
- + Others to be announced**
